Things to know about our billing policy:

- If you have insurance, we will bill your primary insurance company and apply any payments we receive to your balance before sending you a bill.
- If any insurance information is incorrect or missing, please contact us immediately.
- If you do not have insurance or anticipate you will have difficulty paying our portion of your bill, let us know. We have programs and payment plans or financial assistance that you may qualify for.
- Each time you visit one of our hospitals a separate account is created. Therefore, you may have several accounts open at the same time, and will receive separate bills for each account.
- You may receive separate bills from doctors or specialists who helped treat you, but are not directly employed by our hospitals. Their charges will not appear on your bill from us.
- If you would like to receive an itemized patient bill, please contact us.

PHYSICIAN BILLING INFORMATION

You may receive additional bills from physicians who assisted you with your care while you were a patient at Lee Health. Should you have any questions concerning their bill, please contact them directly.

Although Lee Health is designated a nonprofit organization by the state of Florida, we do not receive tax support. Our hospitals and other facilities operate solely on income received from paid patient bills, which enable us to continue to offer quality health care to all Southwest Florida residents and visitors.

Summary of Financial Assistance Policy

Lee Health has a way to help people with their medical bills. We call this our Financial Assistance Policy or "FAP" for short. Under our FAP, we offer help to eligible patients for emergency medical care and medically necessary care provided at Lee Health hospitals. Below is a summary of how it works. We can provide a copy of the FAP itself for more information.

How to Apply. Patients may apply for financial assistance by completing a FAA at any time before and during treatment, and up to the final resolution of their bill. Lee Health may ask for specific documents from the patient in assessing the patient's FAA.

How to learn more about the Financial Assistance Policy. Lee Health will make public the Financial Assistance Policy and required notices within the community we serve. Lee Health will make free copies of the FAP, the FAA, and this Summary available in English, Spanish, German, and Haitian-Creole, both in paper and on the health system's website, <http://www.leehealth.org>. For more information about the FAP and for assistance with the FAP application process, patients and community members may also contact a patient account specialist at the Central Business Office of Lee Health by calling 1-800-809-9906.

Resumen de la Norma para la Asistencia Financiera

El Sistema de Salud Lee Memorial tiene una forma de ayudar a la gente con sus facturas médicas. Nos referimos a ella como nuestra Norma para la Asistencia Financiera (en inglés Financial Assistance Policy), o en breve, "FAP" (por sus siglas en inglés). Bajo nuestra FAP, ofrecemos ayuda a pacientes elegibles para cuidados médicos de emergencia y cuidados médicamente necesarios proporcionados en los hospitales del Sistema de Salud Lee Memorial. A continuación encontrará un resumen de cómo funciona. Le podemos proporcionar una copia de la FAP misma para mayor información.

Instrucciones para la Solicitud. Los pacientes pueden solicitar asistencia financiera llenando una FAA en cualquier momento antes y durante el tratamiento, y hasta la resolución final de su factura. Es posible que el Sistema de Salud Lee Memorial solicite al paciente documentos específicos para evaluar la FAA del paciente.

Cómo averiguar más acerca de la Norma para la Asistencia Financiera. El Sistema de Salud Lee Memorial hará públicos la Norma para la Asistencia Financiera y los avisos requeridos dentro de la comunidad a la cual servimos. El Sistema de Salud Lee Memorial proporcionará copias gratuitas en inglés, español, alemán, y haitiano-criollo de la FAP, la FAA, y de este Resumen, tanto impresas como a través de la página de Internet del sistema de salud en la dirección <http://www.leehealth.org>. Para mayor información sobre la FAP y para recibir asistencia con el proceso de solicitud de la FAP, los pacientes y miembros de la comunidad también pueden contactar a un especialista de cuenta del paciente en la Oficina Central de Cobranzas del Sistema de Salud Lee Memorial llamando al 1-800-809-9906.
