**HealthPark Care & Rehabilitation Center Recognized for Quality**  
*Center Earns AHCA/NCAL Certificate of Achievement and CMS Five-Star Rating*

(Fort Myers, Fla. – April 20, 2018) --- Lee Health is proud to announce that HealthPark Care & Rehabilitation Center received a Certificate of Achievement from the American Health Care Association (AHCA) and the National Center for Assisted Living (NCAL) in recognition of their achievement in the 2017 Quality Initiative Recognition Program.

The Quality Initiative Recognition Program recognizes skilled nursing facilities that attain four or more of the following AHCA Quality Initiative goals:

- Decrease turnover rates among nursing staff
- Reduce the number of unintended health care outcomes
- Safely reduce the number of hospital readmissions
- Improve discharge back to the community
- Safely reduce the off-label use of antipsychotics
- Safely reduce hospitalizations
- Adopt consumer satisfaction questionnaire system

“We are very proud of this achievement,” explains Troy Churchill, Senior Administrator, HealthPark Care & Rehabilitation Center. “The initiative goals align with our priorities: safety, satisfaction and our patients’ return to a better quality of life, which wouldn’t be possible without our dedicated, professional team.”

In addition to the AHCA Certificate of Achievement, HealthPark Care & Rehabilitation Center has again received an overall five-star rating from the Centers for Medicare & Medicaid Services (CMS). The star ratings are updated monthly, and HealthPark Care & Rehabilitation Center has earned the overall five-star rating for 17 of the last 18 quarters. Also in 2018, for the first time, the Center received five-stars in all four categories, including health inspections, staffing, quality measures and overall quality.

“Congratulations to HealthPark Care & Rehabilitation Center, we are proud of your efforts to deliver the safest, highest quality, compassionate, patient-centered care,” says Larry Antonucci, M.D., MBA, Lee Health President & CEO. “Patients and families can look to these achievements and feel comfortable and confident in choosing HealthPark Care & Rehabilitation Center for the skilled nursing and rehabilitation they and their loved ones need.”

A 112-bed skilled nursing facility, HealthPark Care & Rehabilitation Center combines leading-edge treatment with the care and compassion patients need to reach their maximum potential. The staff focuses on rehabilitation with the goal of enabling those in their care to return home or to their prior living arrangement.

HealthPark Care & Rehabilitation Center offers all the services of a skilled nursing facility, including a full range of rehabilitative and sub-acute services. Being located adjacent to Lee Health’s HealthPark Medical Center ensures the best emergency medical care 24 hours a day.

## **About Lee Health**

*Since the opening of the first hospital in 1916, Lee Health has been a health care leader in Southwest Florida, constantly evolving to meet the needs of the community. A non-profit, integrated health care services organization, Lee Health is committed to the well-being of every individual served, focused on healthy living and maintaining good health. Staffed by caring people, inspiring health, services are conveniently located throughout the community in four acute care hospitals, two specialty hospitals, outpatient centers, walk-in medical centers, primary care and specialty physician practices and other services across the continuum of care. Formerly known as Lee Memorial Health System, the organization began its second century of service with a new name in 2016. Learn more at [www.LeeHealth.org](http://www.LeeHealth.org).*
