Free Autism Screening for Young Children

(Fort Myers, Fla. – July 2, 2019) --- Golisano Children’s Hospital of Southwest Florida, in partnership with Ronald McDonald House Charities® of Southwest Florida, offers a free monthly autism spectrum disorder screening for toddlers 18 months to five years of age.

The next screening on the Ronald McDonald Care Mobile will be held on **July 26, 2019 from 9:30 a.m. to 2 p.m.** at the IMAG History & Science Center, 2000 Cranford Ave., Fort Myers.

It is estimated that one in every 59 children is diagnosed with some form of Autism Spectrum Disorder, making it more common than childhood cancer, juvenile diabetes and pediatric AIDS combined.

Medical consultants for the project stress that an early diagnosis can make a vast difference for toddlers and their families. They say early intensive behavioral intervention can make an immense difference not just in the development of the child, but in their families as well.

The ASD screening is conducted by the Golisano Children’s Hospital of Southwest Florida. The screenings are administered by an Advanced Practice Registered Nurse, who has extensive training and experience in typical child development and developmental disorders.

A physician referral is not required. To schedule a screening, please call 239-343-6838.
