Lee Health Aging Life Care™ Manager Named to Florida Aging Life Care™ Board

Dawn Moore has more than 25 years of experience caring for seniors in Southwest Florida

(Fort Myers, Fla. - March 25, 2019) --- The Florida Chapter of Aging Life Care Association has named Dawn Moore, RN, an Aging Life Care™ Manager with Lee Health, to its state board of directors for 2019-2020.

The board oversees the Florida Chapter of Aging Life Care Association (ALCA), which advances dignified care for aging adults and their families in the United States.

Moore has worked as an Aging Life Care™ Manager through the Lee Health Senior Care CHOICES Program for the past 25 years. Through this role, she provides guidance and advocacy for families and professionals who are caring for older relatives. With a specialized focus on issues related to aging, she assists with the challenges of aging, such as finding an appropriate placement, in-home care, referrals to medical providers or elder law attorneys, as well as the advocacy and support that provides families peace of mind.

The CHOICES program enables seniors to remain independent and in their home environment and experience the highest quality of life possible while providing peace of mind to adult children who live throughout the country. Managers with the program, through the ALCA, conduct and provide comprehensive assessments, design tailored care plans based on initial and ongoing evaluations, coordinate services defined in the care plan and evaluate service of third-party providers.

This includes visiting clients in their home, meeting or accompanying them and their family at appointments and providing advocacy, education and crisis intervention.

For more information about the Lee Health Senior Care Choices Program visit <http://www.leehealth.org/homehealth/hhchoices.asp> or call (239) 343-8429.

About Lee Health

Since the opening of the first hospital in 1916, Lee Health has been a health care leader in Southwest Florida, constantly evolving to meet the needs of the community. A non-profit, integrated health care services organization, Lee Health is committed to the

well-being of every individual served, focused on healthy living and maintaining good health. Staffed by caring people, inspiring health, services are conveniently located throughout the community in four acute care hospitals, two specialty hospitals, outpatient centers, walk-in medical centers, primary care and specialty physician practices and other services across the continuum of care. Formerly known as Lee Memorial Health System, the organization began its second century of service with a new name in 2016. Learn more at www.LeeHealth.org.
