**Lehigh Acres Residents Gain New Medical Services Close to Home  
Lee Health Opens New Physical Rehabilitation Clinic in Lehigh Acres**

(Fort Myers, Fla. – Sept. 24, 2018) --- Lee Health has opened the doors on a new outpatient rehabilitation clinic in Lehigh Acres. The more than 4,000 square-foot clinic will offer physical therapy services in a convenient location for residents.

The new clinic will open with two physical therapists on site offering physical therapy services including orthopedics, neurology and balance/vestibular rehab. The clinic has space for up to seven physical therapists and may expand based on demand from the community. The clinic may also add occupational therapy and speech therapy in the future if needed.

“We are very excited to make rehab services more accessible for Lehigh Acres residents,” said Ray Cyr, Lee Health system director for rehabilitation services. “We designed this clinic based on the feedback we received from patients and physicians about the need for these services in their community.”

The clinic, located at 3400 Lee Blvd., is Lee Health’s 15<sup>th</sup> outpatient rehabilitation clinic in Southwest Florida.

Lee Health Rehabilitation Services is available across the health system and helps patients experiencing all different kinds of limitations in their daily routine. These can include rehabilitating a sports injury to recovering from a stroke, heart attack or other chronic condition. Our rehab professionals assist patients across all levels of care, from inpatient hospitalization to skilled nursing facilities to outpatient and home care.

**About Lee Health**

*Since the opening of the first hospital in 1916, Lee Health has been a health care leader in Southwest Florida, constantly evolving to meet the needs of the community. A non-profit, integrated health care services organization, Lee Health is committed to the well-being of every individual served, focused on healthy living and maintaining good health. Staffed by caring people, inspiring health, services are conveniently located throughout the community in four acute care hospitals, two specialty hospitals, outpatient centers, walk-in medical centers, primary care and specialty physician practices and other services across the continuum of care. Formerly known as Lee Memorial Health System, the organization began its second century of service with a new name in 2016. Learn more at [www.LeeHealth.org](http://www.LeeHealth.org).*
