

# MyChart®

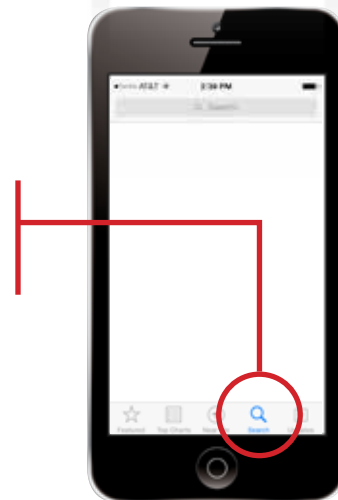

How to Access Your Medical Record via Lee Health's MyChart Mobile App on an Apple Device.

**Before accessing this application, contact your physician for a password and access information.**

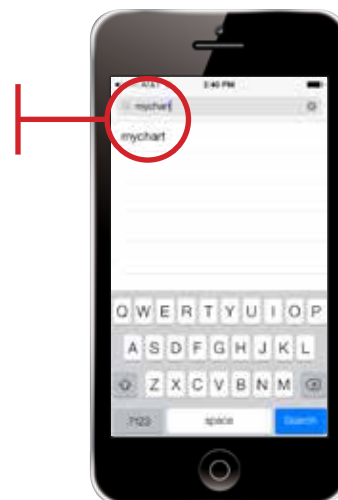

Locate and touch the **App Store icon** on your Apple Device.

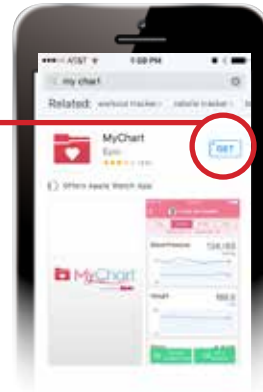

Touch the **Search** option on the bottom toolbar in the Apple App Store

Search for "**mychart**"

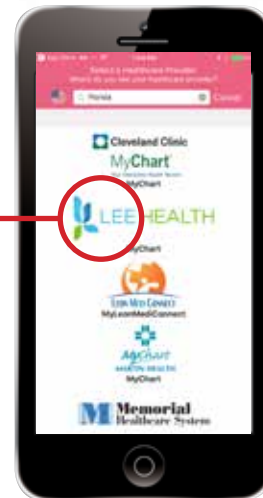

Touch the **GET** button to download the free MyChart Mobile App

Once the download is complete, locate and touch the **MyChart App Icon**.

Once the MyChart Mobile App launches, accept the agreement, select **Florida** and then **Lee Health**.

At the Lee Health log-in screen, log in with the **same username and password** you use on the MyChart website. If you have forgotten your password or username, you can reset it online at the [MyChart website](#) via your web browser.
